[Questions in 104\(e\) to Army, LNG, and GD.docx](#)

The background portion of the 104(e) attachment was edited by Paige, so I made the same changes to all 4 letter attachments. Attached you will find the letter and the attachment from the Explo letter in total, as well as the question pages from the other 3 attachments. Just let me know if you approve and I'll keep them all moving.

Thank you so much for all your help.
